

Employee Referrals

More referrals through engaged employees

A great referral programme depends on your top employees referring talent continuously. However, many organisations struggle to keep the momentum of their referral programme past its initial launch. Talentry enables organisations to develop and maintain great referral programmes while encouraging their employees to continuously refer the best and brightest talent.

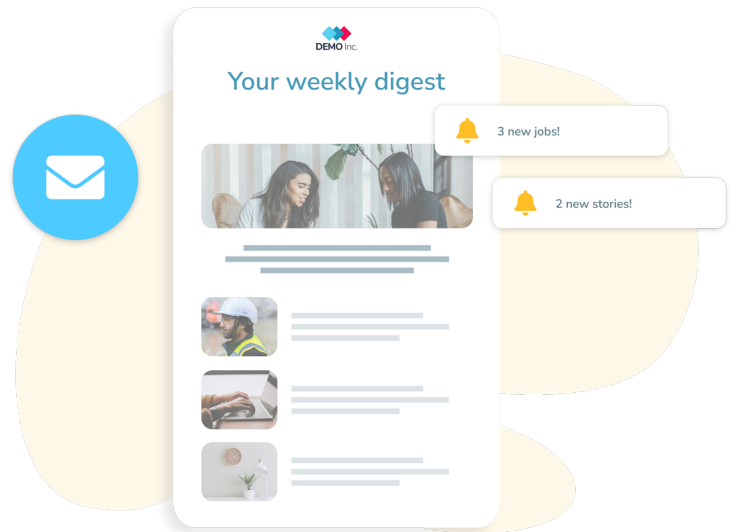

The Talentry Engagement Engine: turbocharge your referral scheme

The Talentry Engagement Engine keeps employees interested and active.

The mobile app allows you to reach colleagues without access to a computer.

Your engagement tools:

- Automated newsletters
- Dedicated email campaigns
- Internal stories for promotion
- Push notifications in the app
- Gamification

The Talentry Employee Experience: Simple and transparent

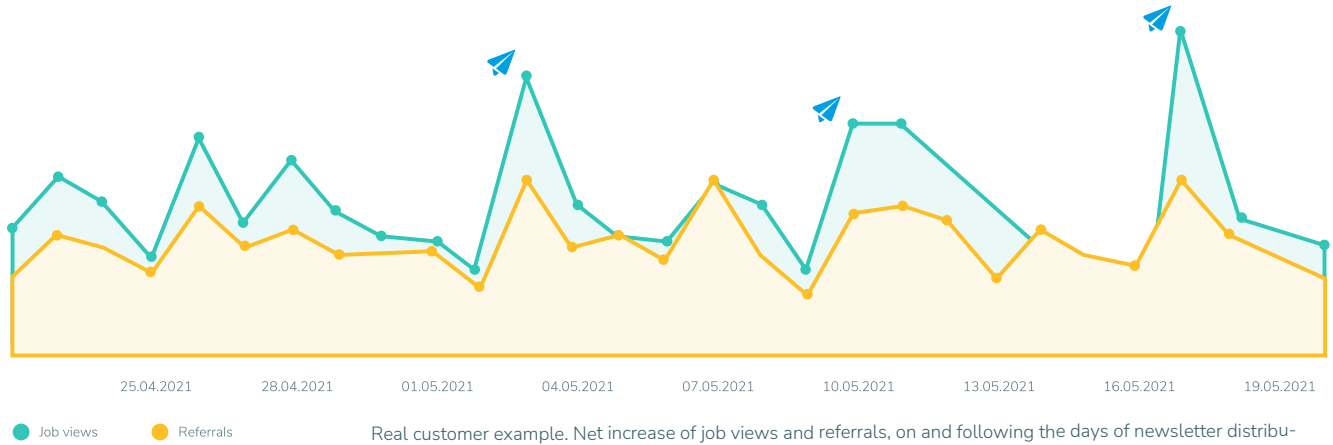

Rewards are only the most obvious way to show you care. **Involving your employees into the full referral process** and keeping them up to date is the more sustainable form of appreciation.

With Talentry Employee Referrals, both your employees and recruiters can **keep track of every referral.**

By the way: **It is mobile and it is super simple.**

Why this makes a difference

A simple tool like the automated newsletter helps to generate awareness – and more referrals. See for yourself:

"Talentry has left a lasting impression on Vodafone Germany. The technical integration of Talentry in our applicant system only took a few weeks. The project continued at a rapid pace: 64% more applications and 200% more hires in just 8 weeks are really an impressive result."

Seamlessly integrated into your ATS

A seamless connection to your applicant tracking system (ATS) ensures that job ads and applications are automatically in sync. This facilitates comprehensive reporting and helps you optimise your referral strategy. And it ensures a continuous candidate and recruiter journey, from the initial contact to the application.
